The LSM is the Liberal Studies Major.

This is an optional double major that is a self-directed program where you pick the concentration and courses that interest you. This major is interdisciplinary, in which you will make connections across different disciplines and fields of study.

All LSM concentrations are 8 courses (or 24 credits). These courses can be General Education Courses, Business Electives, Arts & Science Electives, and Unrestricted Electives.

No extra coursework is necessary with proper academic planning and by using your General Education and Elective courses to double count as your LSM courses.
LSM Concentrations:

- American Studies
- Earth, Environment, and Global Sustainability
- Ethics and Social Responsibility
- Global Perspectives
- Health and Industry
- Media Arts and Society
- Quantitative Perspectives
