Office Notes:

IMPORTANT NOTICE! Students are responsible for understanding all university policies, procedures and requirements. Such information can be found in the Undergraduate Course Catalogue, Registration Booklet, and the Student Handbook. Please be aware that overall and major averages must be at least 2.000 for graduation. This information is to help the student in monitoring progress toward the degree. Responsibility for meeting all degree requirements rests with the student.

1. The Math sequence consists of either MA123 & MA126 or MA131 & MA139, depending upon departmental placements.
2. The MA/NS elective can be fulfilled by a MA course numbered 200 or higher which does not duplicate material presented in any previously taken course. ST242, as well as any NASE course, also fulfills the requirement.
3. Elective guidelines are available in the Registration Booklet.
4. Whenever possible, EC 224 and EC 225 should be taken the junior year.
5. Any EC courses not otherwise required can fulfill the EC elective requirements and any FI course not otherwise required can fulfill the FI elective requirement. Students are advised, but not required to take FI 351 as one of their FI electives. Major electives should be selected in consultation with a faculty mentor. Students cannot take both EC 211 (no longer offered at Bentley) and EC 391.
6. An optional 12-credit minor program must be pre-approved by the appropriate academic department.

Economics/Finance

Economics/Finance students develop solid skills in financial statement analysis along with a strong foundation in microeconomic and macroeconomic theory. They receive broad exposure to the financial system, including the expanding international financial markets. Finance and Economics electives comprise a large portion of the major and, therefore, students should work closely with departmental advisors to determine the direction of their program.
