International Affairs (IA)

A major in International Affairs (IA) offers students the opportunity to gain knowledge, perspectives and analytical skills needed to navigate an increasingly globalized world. The curriculum draws on Bentley's business strengths while providing the multidisciplinary perspectives of politics, international relations, geography and culture that are necessary to understand complex international interactions.

The International Affairs major emphasizes "hands on" learning programs, such as internationally-focused internships, Model United Nations and service-learning. All IA majors complete an approved international experience (semester or summer study abroad programs or faculty-led international courses) and develop proficiency in a foreign language.

With the advice of their IA advisor, students design a program that matches their academic interests, career goals or plans for future graduate or professional studies.

Combined with a minor or major in Business Studies, the International Affairs major prepares students for dynamic careers in the private, public or nonprofit sectors.

1. GLS 116 International Relations
2. GLS 101 Globalization or GLS 102 Comparative Government & Politics
3. GLS 110 Global Regions or GLS 114 Cross-Cultural Understanding
