

# How do I connect to the Wireless Network at Bentley

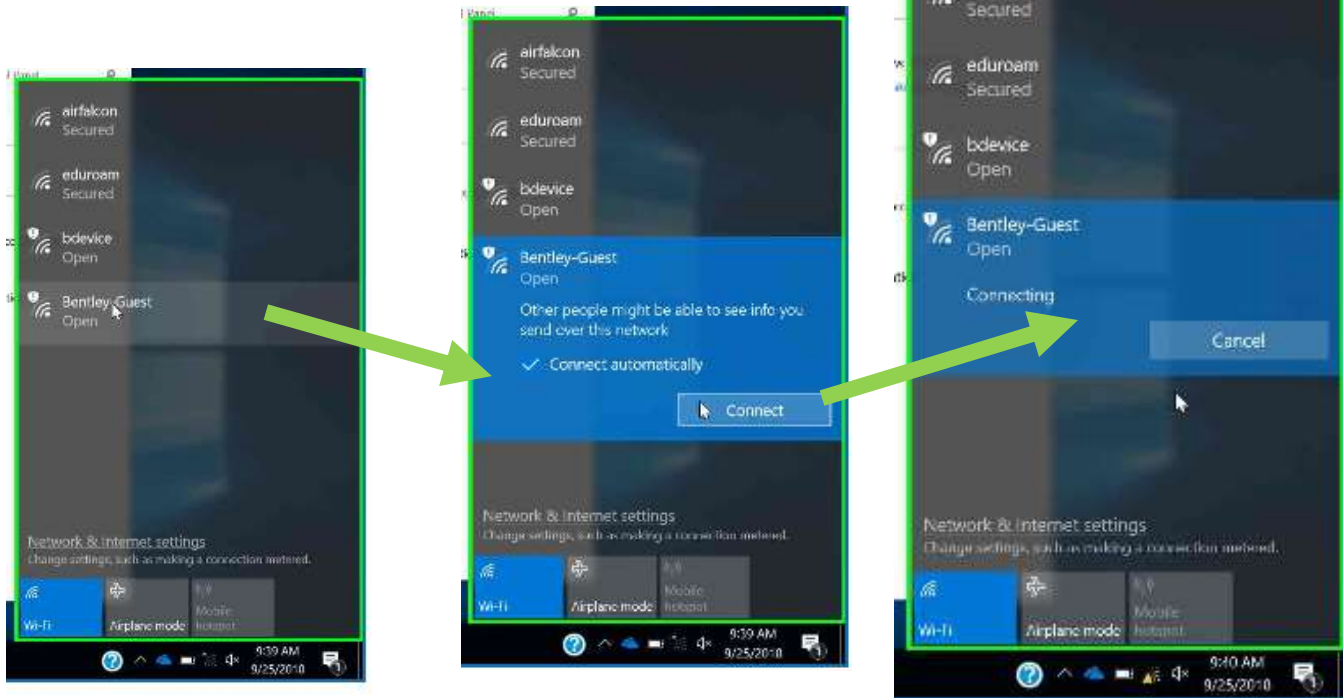

## Connecting to airfalcon (Secured Network)

- Airfalcon (WPA2 Enterprise)– notebook and most mobile devices
  - Click on “airfalcon”
  - Select “**Connect Automatically**”
  - Click, “**Connect**”
- Enter your Bentley email and password
  - Click “OK”, then click “**Connect**”

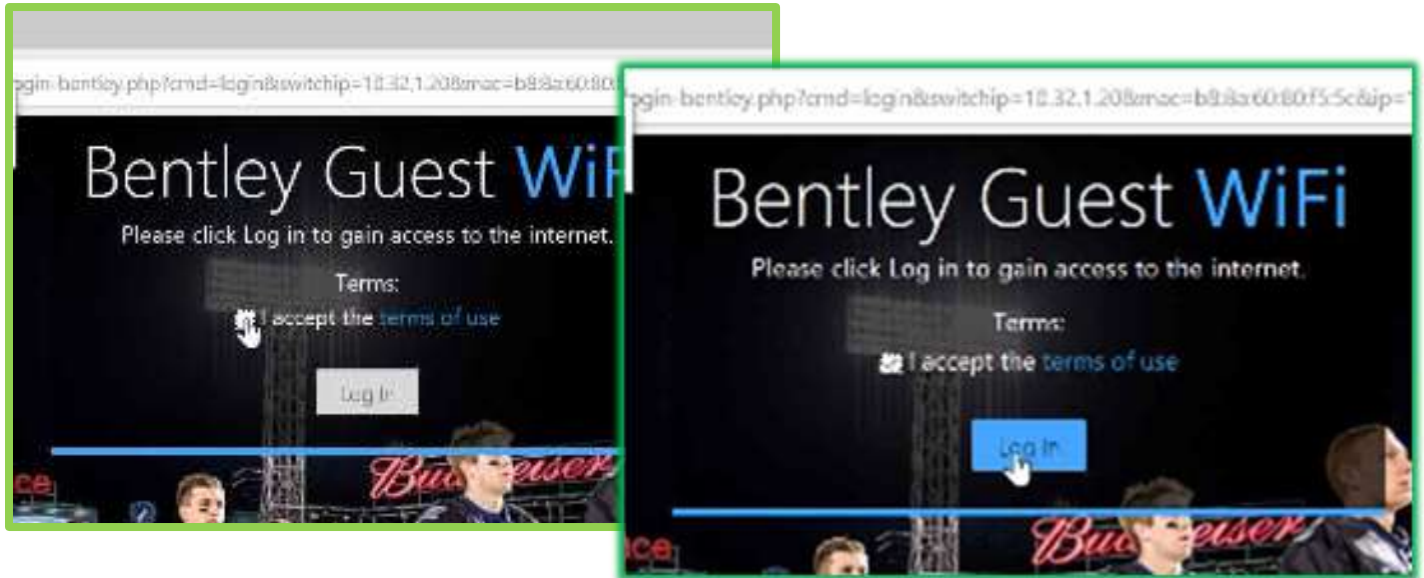

## Connecting to Bentley-Guest (Open Network)

- On your computer or device, click on Bentley-Guest
  - Select to “**Connect Automatically**”
  - Click, “**Connect**”

- A web browser will open and a prompt to Accept the **Terms of Use** on the Bentley Guest WiFi.
  - Accept the Terms by checking the little box and click “**Login**”

**All SET!!!**
