Guiding Principles for Success

- We will make decisions swiftly & through established governance
- We will do the most important things first, and table others
- When in doubt, follow Workday & change Bentley
- We will establish data governance including common data definitions & owners
- We will use the tool as-is whenever possible. BUY NOT BUILD
- We know change is difficult and we will navigate it as best we can
- We will simplify and standardize our processes
- We will communicate, communicate, communicate!!
